ABOUT US

East Colfax Community Collective (EC3) is a community-driven, multicultural, socio-economically diverse advocacy organization comprised of residents, local businesses and nonprofits, and allies. Join Brendan Greene, Executive Director, for a drop-in meet-and-greet to discuss how your support can change the lives of many, fight displacement in NW Aurora and East Colfax, and shape resilient neighborhoods and families for years to come.

WHY ATTEND?

- Learn:** Hear from an East Colfax Community Collective business owner and partner about the impact of EC3 in the community.
- Network:** Connect with fellow funders, business leaders, and change-makers.
- Invest:** Learn how to make a tangible impact in your community.
